

BEST PRACTICES WORKSHOPS

Summary

INTERNATIONAL BEST PRACTICES TRAINING WORKSHOPS

Discover New Ways of Working and Doing Things.

Only Organisations and Executives who are willing to drop the old ways of working will succeed in the dramatically changing world that we now live in.

A lot of things that used to work in the past are simply no longer valid.

The world is getting more digital by the day. To excel in our various fields and roles, we need to go for Best Practices and new trends and be innovative.

Best Practice is defined as the most efficient, the most effective and the most adaptable way of carrying out any activity, operation, process or work. The essence of best-practice is to avoid waste in its entirety. This is the focus of Management 5.0. or Sustainable Management.

The key operating words in this definition are Efficiency, Effectiveness and Adaptability.

Sky Consult is pleased to present to you the following International Best Practices Workshops in the following 17 Critical Management and Business Functions.

These are critical workshops for Directors, Executives, Professionals and People who want to know more, stay up-to-date or catch up with developments in their respective fields and roles.

THE TRAINING WORKSHOPS ARE MEANT TO:

- (1) Sustainably Enhance Performance, Productivity and Profits.
- (2) Win Stakeholder Confidence.
- (3) Avoid Waste, Achieve More and Better with Less.
